DRE Racetrack and Track Warm Up

- › **DRE Racetrack:** the DRE course for those who want to experience the thrill of the track.
- › Didactic, fun and adrenaline combine within different courses designed for all levels of experience. The star of this format is the Panigale family: the Panigale V2 S takes participants through the Track Evo and Track Evo2 courses, while the Panigale V4 S is reserved for Track Master.
- › The offer is completed by the Racetrack One to One programme, divided into three categories: One to One V4 S and the most exclusive experiences, One to One Panigale V4 R and One to One Superleggera V4.

- › **DRE Track Warm Up:** These courses include a theoretical briefing and a practical session on track. They provide you with all the fundamentals and riding techniques you need to improve your skills safely and find the right style and trajectories.
- › There are four courses in total, coordinated by Dario Marchetti, renowned as a rider, instructor and Technical Director at DRE.
- › The courses are divided into the following: Panigale V2, One to One V2, Hypermotard and Streetfighter V4.

DRE Road

DRE Road is the DRE Academy course designed for all levels. Whether you want to learn correct riding techniques from our instructors, test our range or a specific Ducati model (excluding the Panigale), you will have the opportunity to carry out exercises with different bikes, discovering the qualities of each one and Ducati's latest safety systems.

You will use the track to simulate real road conditions and perform specific exercises, with all the safety parameters that only a racetrack can provide.
